

CDM Projects

Project Name	Jilin Agricultural Engineering Institute of Vocational and Technical heat pump water heating project construction application of renewable energy demonstration projects	
GHGs Reduction Type	Waste Heat Recovery and Utilization Project	
Project Location	Jilin	
Project Development Status	Being Developed	
Estimated Ave. GHG Reduction (tCO ₂ e/y)	2389 (tCO ₂ e)	
Foreign Partner	(N/A)	
Project Developer	(N/A)	
Project Owner	Name	Jilin profit or building a good supporting Engineering Limited
	Type	Company of limited liability
	Location	Jilin
	Registered Capital	615万
	Legal Representative	Wang long
	Contact Person	Wang long
	Telephone	13944884111
	Fax	0431-84696355
	Mailing Address	Changchun City, two areas Tung Shing Street, Pacific Place, 3358
	Postal code	130000
	website	http://www.jljhls.com.cn
E-mail	jhlsptgc3@163.com	
Project Description	<p>Limited in Siping in the water-source heat pump heating demonstration project of 171,900 square meters, the project of the Jilin Academy of Agricultural Engineering new vocational and technical school project, located in Siping City Tiedong Qu. Siping City, Jilin Province, is due to underground water resources more scarce, so the water-source heat pump demonstration projects using the project is located near the thermal power plant generating units of the Siping cooling water. The project built and running, annual savings of 2,389 tons coal, emission reduction CO₂ 6260吨, SO₂ 20.31吨, NO_x 17.68 tons, while use of the generating units of the cooling water energy resources of low taste. Can bring great for the local social, economic and environmental benefits</p>
