Orgnization Briefing	<p>Beijing Haohua Rivers International Water Engineering Consulting Co. Ltd. is a consulting company established after the reconstitution of Rivers Water Resources Development Center Co. Ltd. and Beijing Yangtze River International Engineering Consulting Co. Ltd.</p> <p>Its business scope: engineering consulting service, technology development, technical consulting service and technical assistance as well as information consultancy.</p> <p>In responding to the needs of China' s CDM projects, our company began to provide consulting intermediary services to project enterprises from the year 2005. Our services range from project screening and pre-assessment and PDDs compilation to project application, certification, registry and negotiation with the buyers, etc.</p> <p>By June 2007, we have signed contracts for 37 CDM projects and finished 31 PDDs. Among those projects, 17 have been approved by the National Development and Reform Commission and are now in the process of certification and 2 of them have been successfully registered at CDM EB (the Executive Board of Clean Development Mechanism). Recently, another 2-3 projects will get the approval of CDM EB.</p> <p>The consulting projects that we have completed include The Flood Control Report for Liushu Island of Jiamusi City in Heilongjiang Province, The Report of Feasibility Research on the Xinghewan Sports Island Improvement Project in Harbin City and The Demonstration and Consulting Report for the Plan of Supplying Water by Diverting It from the Yellow River in Zhengdong New District.</p> <p>We have had rich experience in CDM projects development. Our aim is to help project owners get access to funds and pave the way for their smooth development, so that the project owners can get benefits from emission reduction and the Clean Development Mechanism will be promoted and spread in China.</p>
